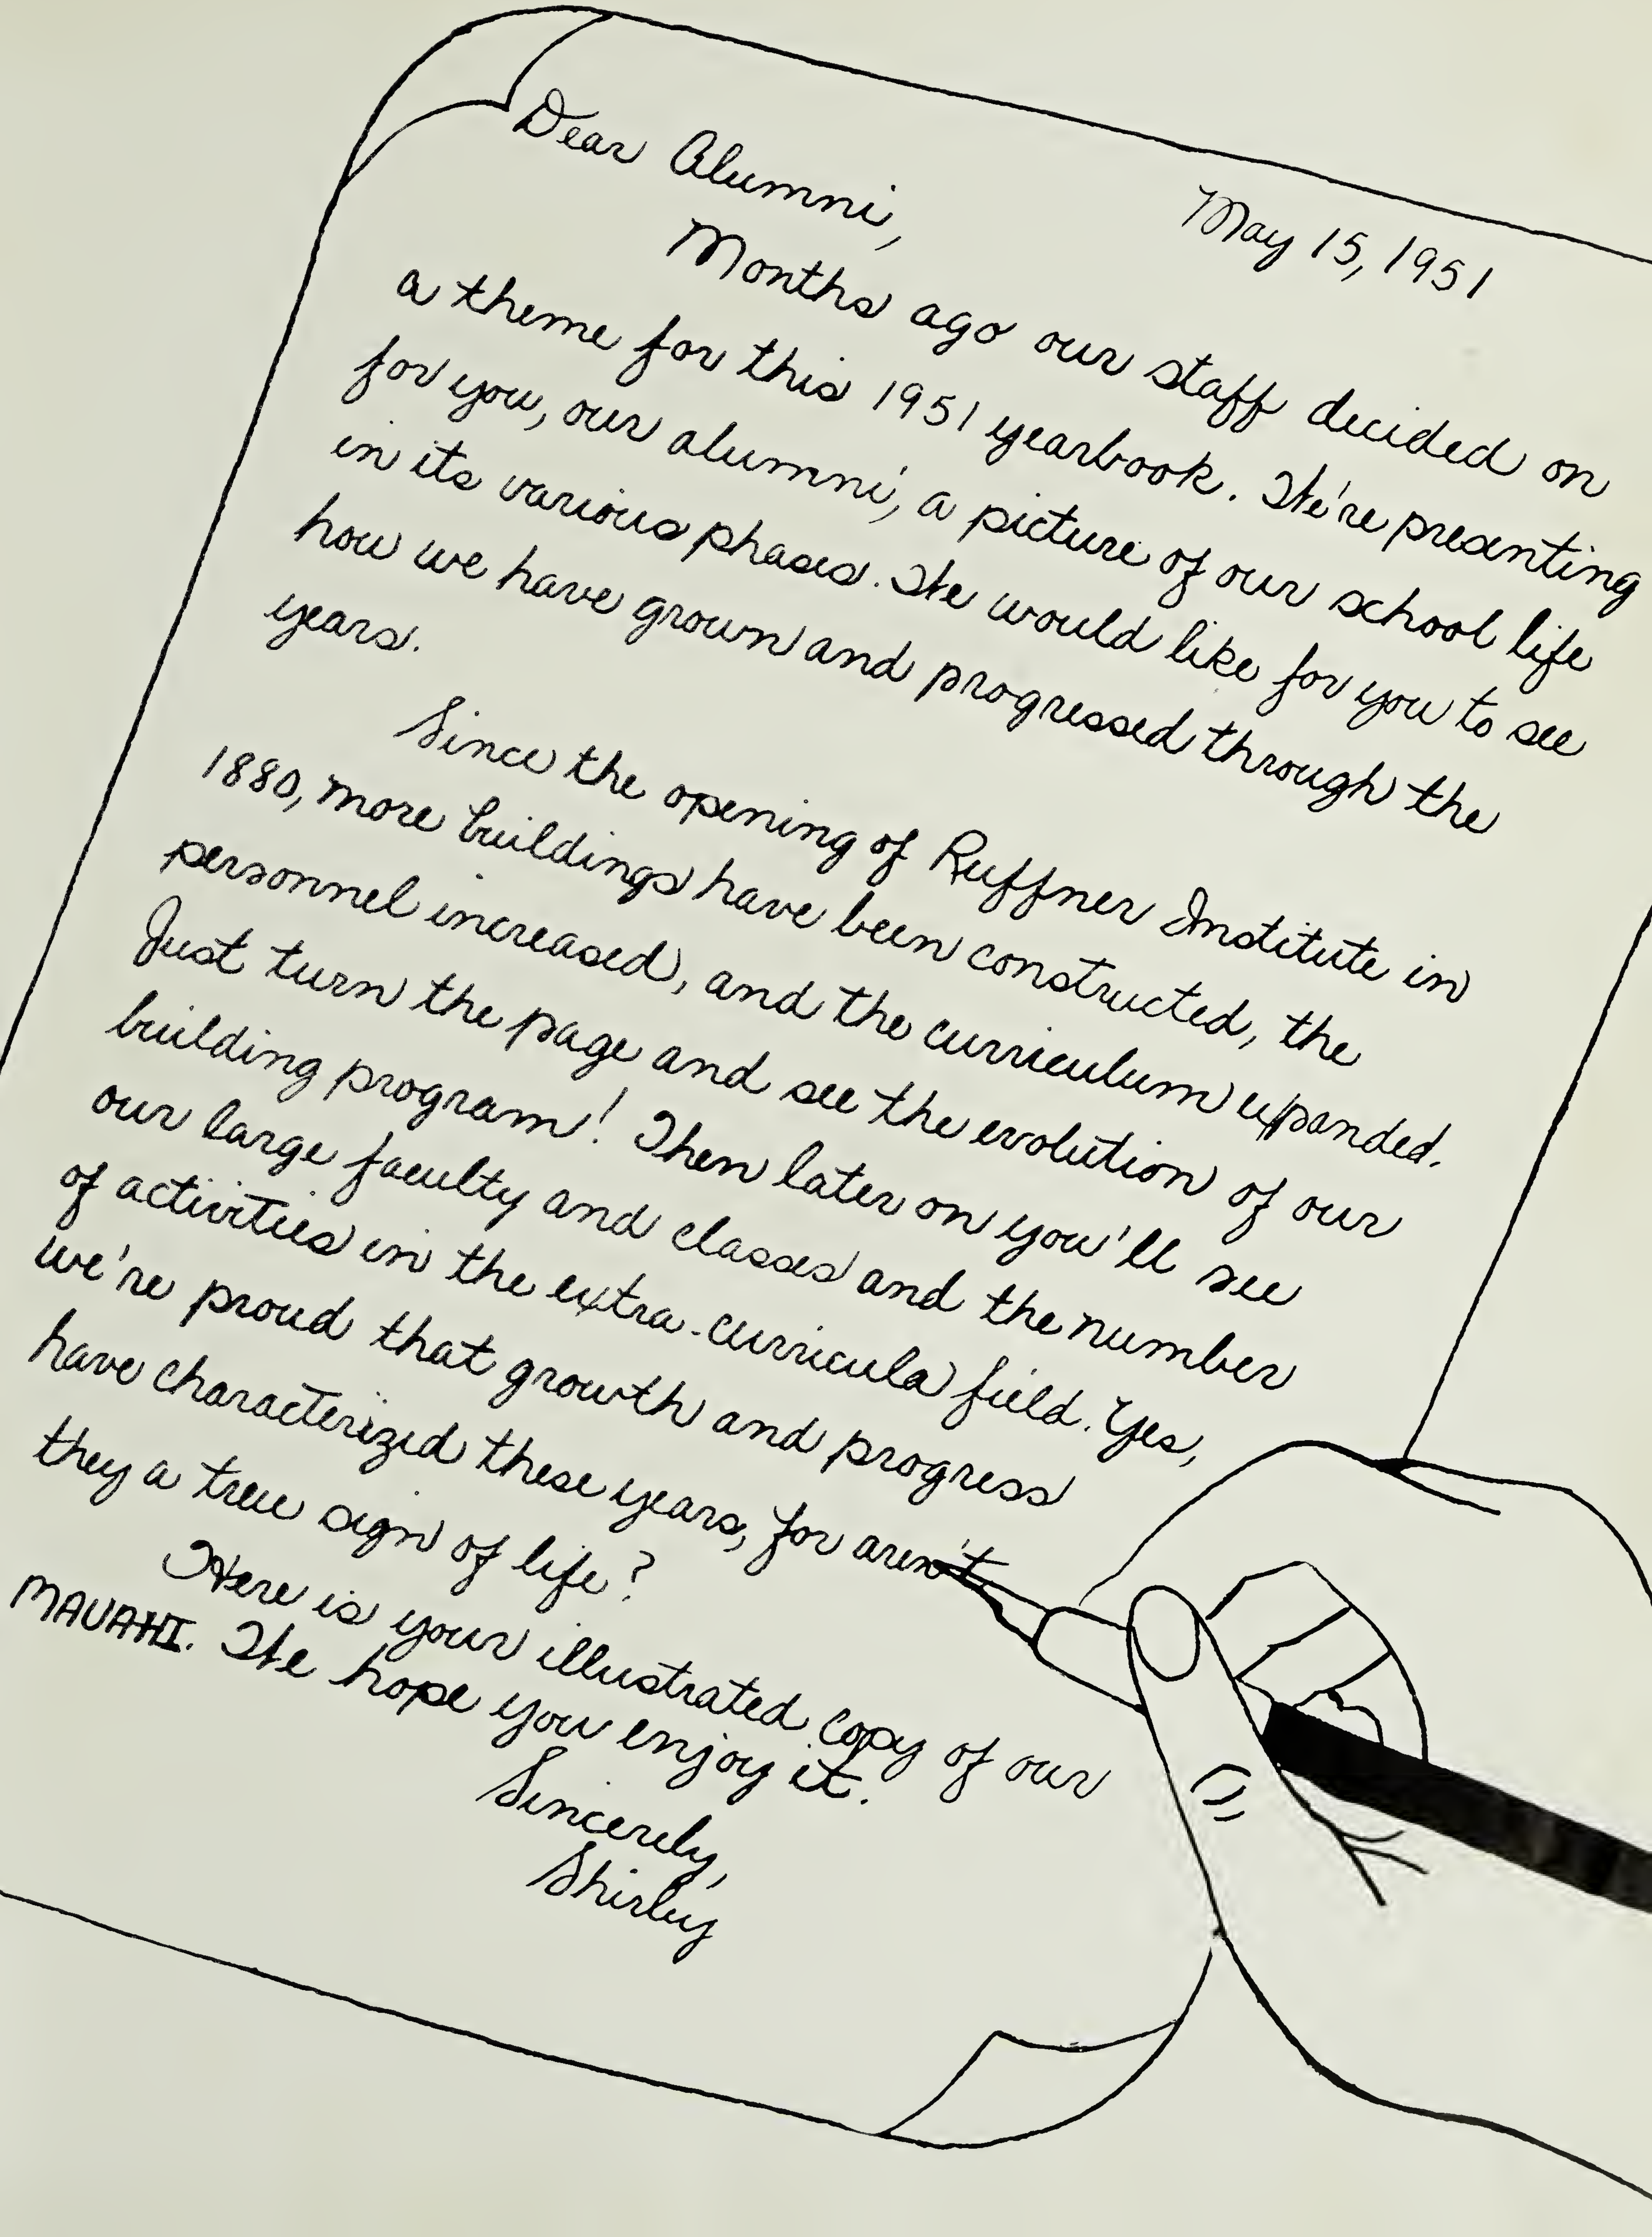
THE MAVAHI

1951

Dedication

Because she has guided us through our four years in high school and has been our patient adviser and faithful friend, we wish to show our appreciation by dedicating the 1951 MAVAHI to a former alumna,

Miss Virginia Goode



Dear Alumni, May 15, 1951

Months ago our staff decided on a theme for this 1951 yearbook. We're presenting for you, our alumni, a picture of our school life in its various phases. We would like for you to see how we have grown and progressed through the years.

Since the opening of Ruffner Institute in 1880, more buildings have been constructed, the personnel increased, and the curriculum expanded. Just turn the page and see the evolution of our building program! Then later on you'll see our large faculty and classes and the number of activities in the extra-curricula field. Yes, we're proud that growth and progress have characterized these years, for aren't they a true sign of life?

Here is your illustrated copy of our MAVAHI. We hope you enjoy it.

Sincerely,
Shirley

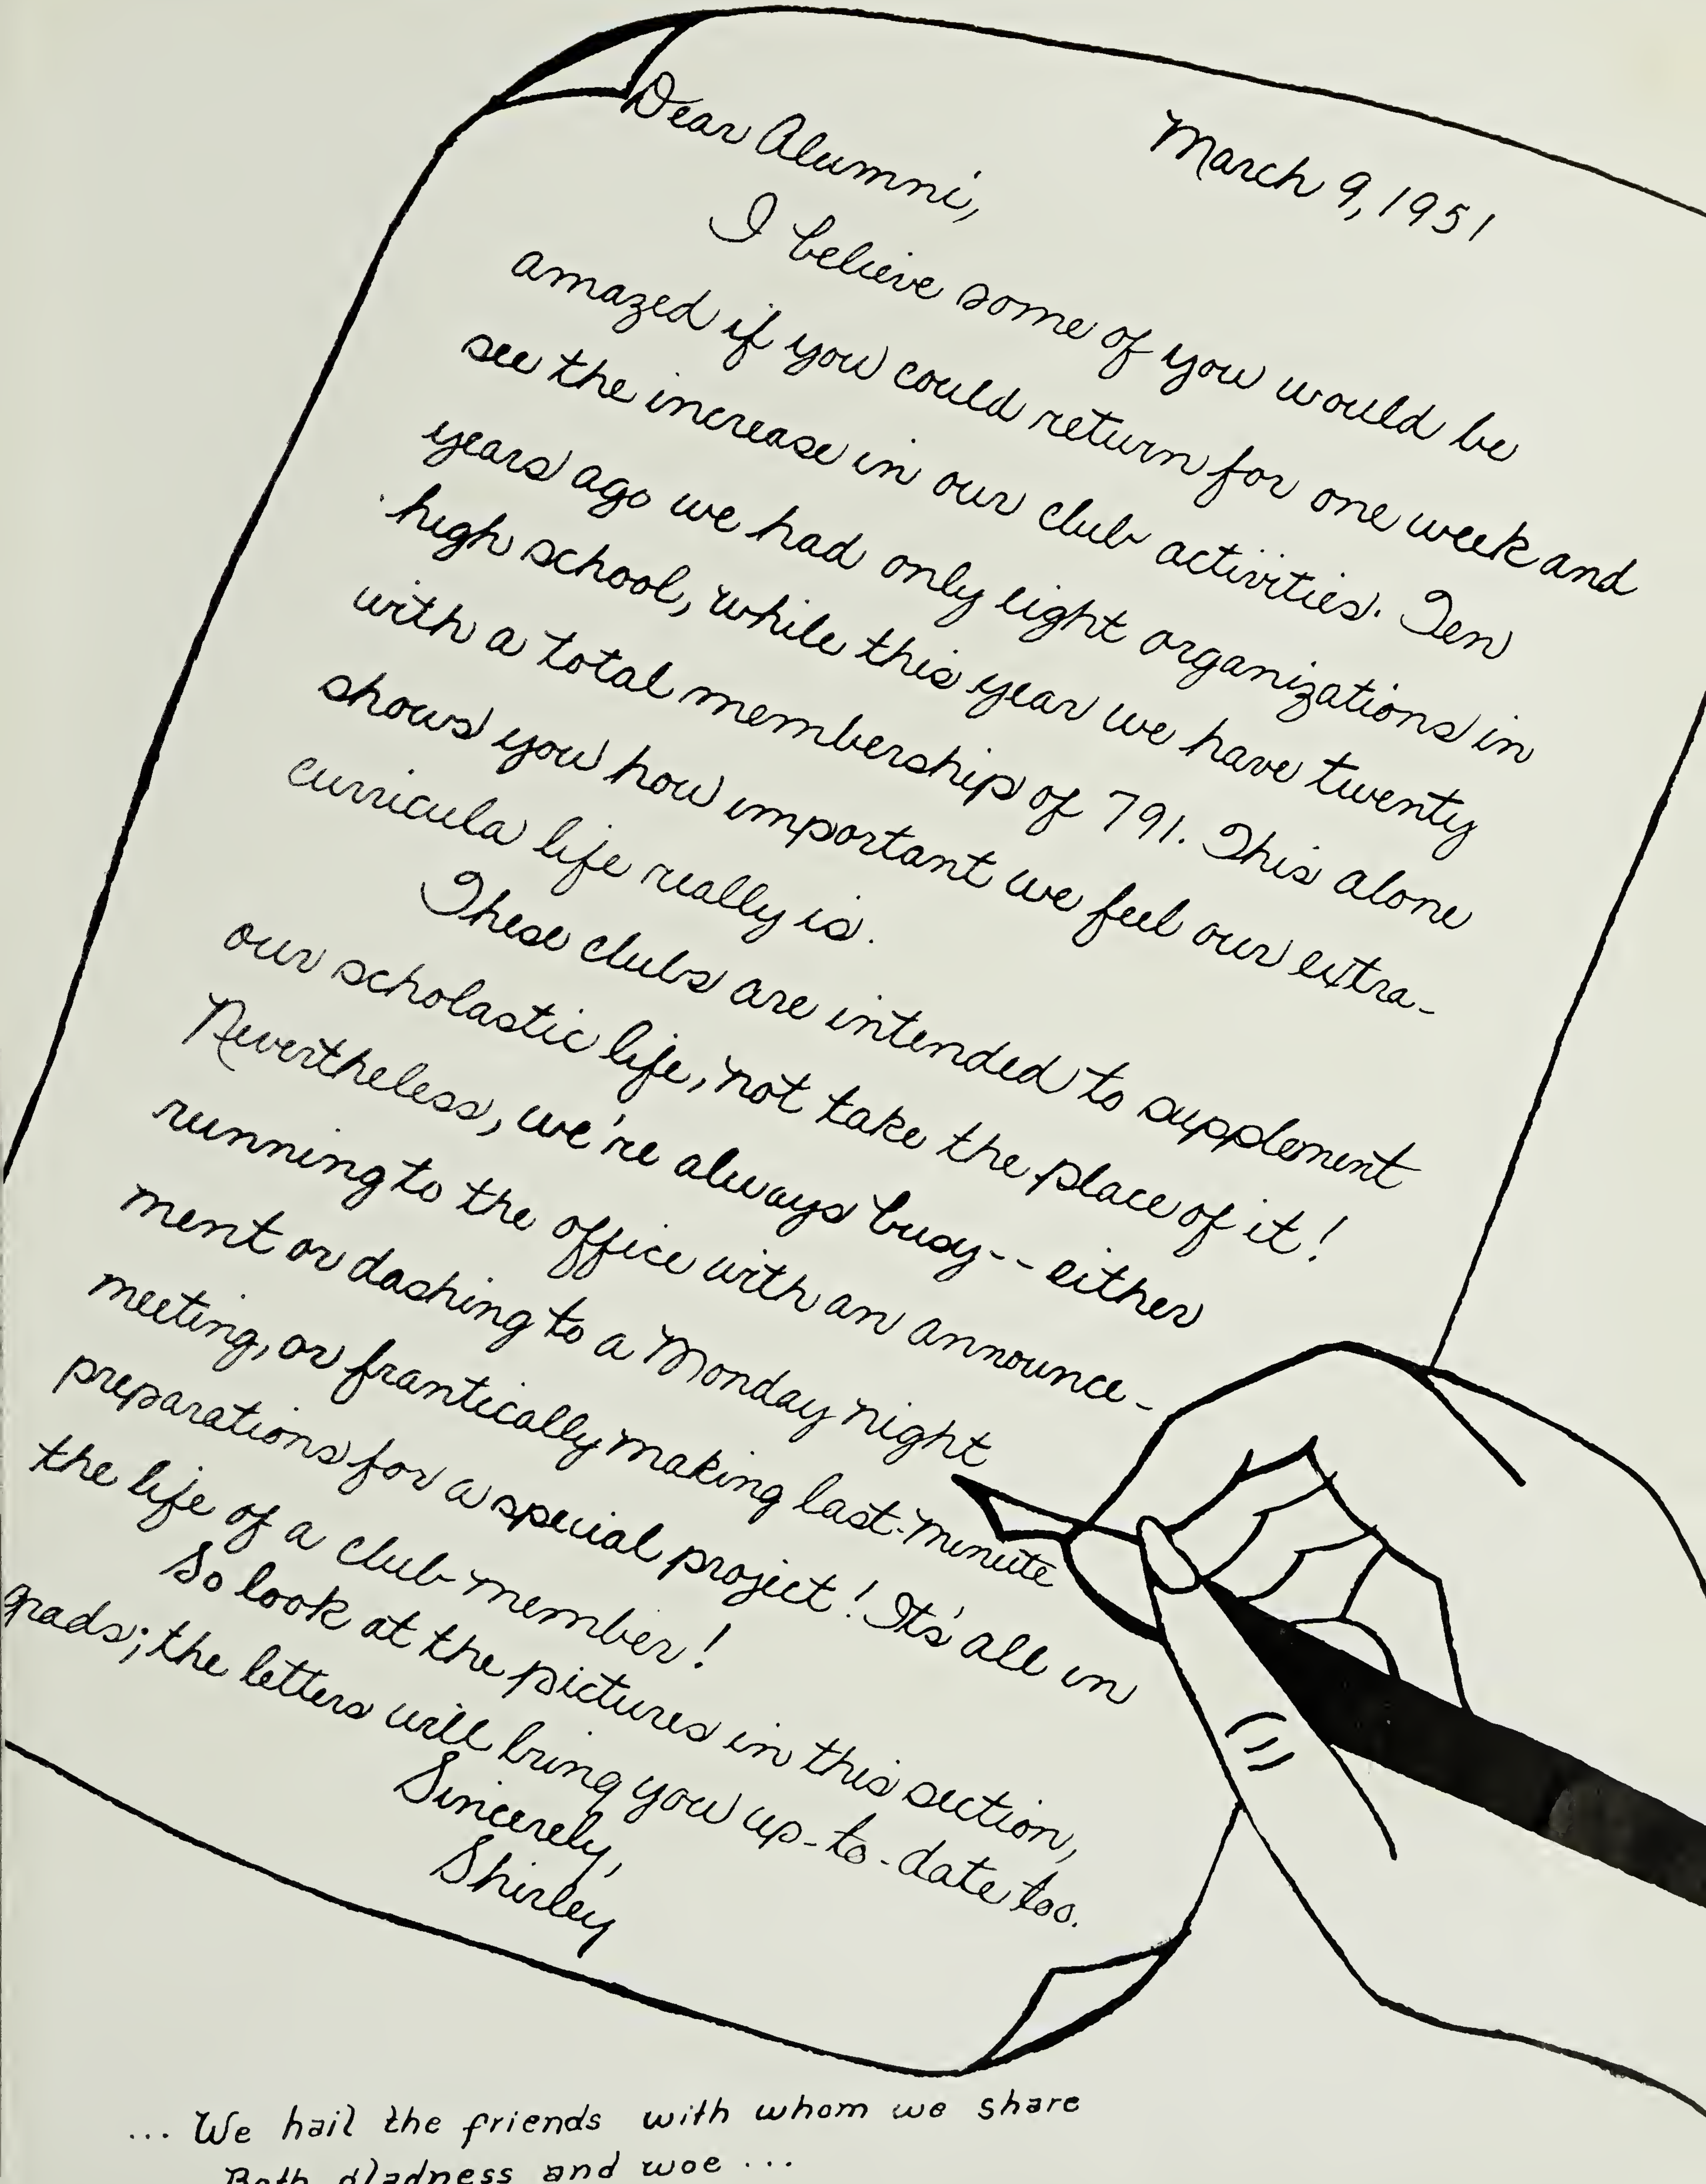
Valedictory

"We're loyal to you, Mavahi—!" As the words of *The Loyalty* fade away, we suddenly realize that our school days are numbered. It is now time for us to make that major turn in the highway of life which leads into an unknown future. Teachers and parents have prepared us diligently for taking our place in the ever-changing world. So with strength and calm persistence, we go forth from this Alma Mater toward the goal which is our destiny.



Dear Alumni; March 9, 1951

I believe some of you would be amazed if you could return for one week and see the increase in our club activities. Ten years ago we had only eight organizations in high school, while this year we have twenty with a total membership of 791. This alone shows you how important we feel our extra-curricula life really is.

These clubs are intended to supplement our scholastic life, not take the place of it! Nevertheless, we're always busy--either running to the office with an announcement or dashing to a Monday night meeting, or frantically making last-minute preparations for a special project! It's all in the life of a club member!

So look at the pictures in this section; grads; the letters will bring you up-to-date too.

Sincerely,
Shirley

Alumni,

It came today! The Mavahi! At last we see the result of patience and long hours of work. I guess nobody really knows what that means except the staff who put it out. Only they know the excitement of selling an ad, the satisfaction of meeting a deadline, or the heartbreak of a wrong identification.

The staff has proved its excellent quality by their relentless devotion to this yearbook. They've gone around saying "Sh-h," because the cover and a lot of what's inside has been a big secret. Sincere thanks are in order here to our sponsors who have given freely of their time and effort to make this book possible.

'Scuse me now, grads, but this annual signing has to go on.

As ever,
Pat

DEAR ALUMNI,

After four long years in high school, I have decided that Mavahi without a STUDENT COUNCIL would be just like Paul Revere without a horse! Our group, composed of members elected by the students, tries to create a better understanding between the faculty and student body and to undertake any project for the betterment of the school.

We certainly don't lack enthusiastic leadership with Forrest Thompson, president, booming with energy at every turn—and vice president, Booker Carter, always right behind. After the meetings, I have the job of consolidating a report from the minutes for each of the home rooms. That's our way of telling the students what's going on. Naturally, we have expenses through the year; yet, this never seems to worry our treasurer, Bill Bailey.

You can see our sedate Council pictured here, but I'd like for you to follow us in our work by looking at the snaps. We feel that one of the most worth-while contributions to our life this year was having the Blessing asked before lunch in the cafeteria.

Scrapbooks in the library are becoming numerous, and come June, we'll place ours right along with them. We just hope that this volume will become as battered up from use as some we've seen.

The Student Council desk in the front hall serves more than one purpose—one official and one non-official! Throughout the day a council member stays there to fulfill the capacity of receptionist and errand boy. Before school and at lunch period, though, you'll usually see a gang crowded around there "shootin' the bull."

Pictures four and five show you our participation in the Red Cross program. Speaking of the charity projects which we backed, I believe our own White Christmas was the most successful. Although it's only two years old, we hope it'll continue to grow.

General meetings are held weekly, and the agenda is always filled. Actually, we hope we'll never lack for business.

Faithfully yours,

BLAIR

DEAR READERS,

Today was *Barker* day! (*THE BARKER* is our school paper, you know.) Our prize articles in this issue are about the All-State Band, which was given fine publicity, and Pat Stump's eight-day trip to Paris. We claim Pat as *copy editor* on our staff.

By the way, this is the fourth year for journalism in high school, and last spring we were given the Virginia Press award for our prized paper. The standards of *The Barker* haven't been lowered this year either. If anything, they're higher than ever. More emphasis has been placed on different types of stories, headlines, and the make-up of the paper. Some of our staff members will benefit from the Virginia Press Conference at Washington and Lee this spring.

Miss Wright was appointed our new adviser, and she certainly has fulfilled her duties capably. She's quite a journalist.

More news has often made a six-page issue necessary this year. Did you know that *The Barker*, given free to all students, has a circulation of 1,000 copies? Incidentally, we appreciate all your letters of praise—they mean a lot!

Well, old-timers, guess that's enough *Barker* news for now.

Sincerely,
JACK

P. S.—Boy, are we proud of those headlines that the MAVAHI staff has used in this book!

MID-TERM

ALUMNI . . .

The new semester—and time for inventory! As I stop to take it, I find that the BOYS' HI-Y has had one of the busiest semesters ever.

We're mighty proud of our part in Christmas Cheer, a city-county project to provide for the needy. Our contribution was a fifteen-dollar check in addition to distributing several baskets of food and clothing. This service to our neighbors is characteristic of one of the principles of the Boys' Hi-Y.

Shortly before giving a joint Thanksgiving assembly with the girls' club, we sent delegates to the District Convention in Clifton Forge. We feel that attending church in a body once a month is one of the best ways of maintaining high standards of Christian character. It's certainly a good time for fellowship.

We didn't waste any time getting started because Jensie Teague was ready in September to take over his duties as president. Then, true to Hi-Y traditions, we carried on our devotionals with Jimmy Ford as chaplain.

Highlighting this next semester will be attending the Hi-Y Model General Assembly in Richmond. I feel sure that our annual "big time" at Fairystone will run this a close second.

Well, they're telling us to get a good start this term, so guess I'd better "hit the books" now.

So long,

BOOKER

May Time!

Hi Alumnæ,

"Sure, and a fine year it has been for Alpha." I don't think a single ALPHA HI-Y member would question that.

Probably the happiest occasion this year was the evening we received our pins. Their make-up is unique—a red triangle, representing the spirit, the body, and the mind. Then in the center there's an outstanding white cross which signifies the pure and sacrificial life of Jesus. A wearer of this pin must practice clean speech, clean sportsmanship, clean scholarship, and clean living, then we will have fulfilled our purpose.

Our activities, under the direction of Ann Hartford and Nancy Hankins, included helping a needy family at Thanksgiving and Christmas by providing food, clothing, and gifts. Also, we were represented in the District Conference at Clifton Forge, and each fourth Sunday we attended church in a body.

We're sorry that summer time is so near, for we must say good-by to our club work and sponsor, Mrs. Gilliam. 'Til September . . .

Love,
Shirley

"Lead Kindly Light"

Monday Night

DEAR ALUMNÆ,

Tonight I was so inspired when we had our candlelight installation service for the new OMEGA HI-Y members. It's most impressive, and always we're more conscious of our motto: "To make a more Christianlike organization with clean speech, clean thoughts, and clean actions."

Plans for the coming year seem mighty interesting. The meetings will be conducted in a reverent atmosphere by our chaplain, Pat Stump; our president, Phyllis Stultz; or our vice president, Mary Campbell. We will be represented in the Clifton Forge and Richmond District meetings, too. Highlighting our social calendar will be a sock dance—the first one here—and our annual picnic at Fairystone Park. Tonight our treasurer, Barbara Lawson, told us we would have basketball concessions and bake sales to help finance these plans.

With so much enthusiasm, the girls really gave me, the secretary, a hard time recording minutes. Before adjournment, Miss Brooks, our new sponsor, emphasized the importance of the ideals for which our club stands. We're all "fired up" now and anxious to start work.

Bye now,

PATSY

Saludos,

Well, amiga mía, if I can pull myself away from the travel folders, I'll write you about LOS GAUCHOS. That's our Spanish Club.

There I sat completely enhanced by dreams of splashing colors, tango music, slow, warm days, and dashing caballeros and dark senoritas. Oh, to be in the land of sunshine, castanets, and gaiety! (At least that's what the folder said.)

Room 207 at Mavahi is as far south of the border as I'll get this year. But you'd be surprised how entertaining and enlightening Los Gauchos is when we have Senorita Emily Carper, our Sponsor, and Buddy Stump to lead us. During the year Señor Artiz, a Venezuelan, spoke to the Club. Now doesn't an accent simply fascinate you? Our Christmas fiesta, skits, and Spanish conversations in club procedure give us home-bodies a view "down Mexico way." Correspondence also enables us to acquaint ourselves with Spanish students. Can you imagine a letter of mine written in Spanish? Those in English are bad enough.

Say, is that college Spanish getting some of you down? I'm afraid that all I will retain is a simplified version of the "Pepsi-Cola Song" in Spanish.

Well, I've told you a little of our club and our dreams. As I say "hasta luego" to you, I'll dive back into my folders.

Adiós,

Jo Ann

Monsieurs et Mademoiselles

Chers Amis,

LE CERCLE FRANCAIS, our French Club, is certainly an inspiring organization. It provides us amateur linguists with the opportunity of studying the history, geography, and culture of our "adopted land." Honestly, after the programs and discussions, France seems an irresistible lure. Say, why don't we take an imaginary tour of this "queen of the continent" in my letter?

To most people France means Paris, the ancient, ever-young city which is the heart and mind of western civilization, as well as France. The very name of Paris is one of enchantment. Traditionally, it means charm, gaiety, luxury—quaint "quarters" and fascinating shops—elegant mansions and picturesque, narrow streets—graceful bridges over the Seine—delightful parks. We can drive down wide boulevards enjoying the splendid vistas of the Arc de Triomphe du Carrousel, the Tuileries Gardens, the Champs Elysees. Here, too, we also see the Place Vendome, the Place de la Concorde, the Pantheon, the Sorbonne, and Notre Dame.

Oh, but we mustn't overlook the rest of our charming hostess. Of course, there is the Riviera, the "playground of the world." Cannes, Monte Carlo, St. Tropez and other cities sit out like jewels on the shores of the Cote d' Azur. Aren't the colors of the festivals and carnivals, the magnificence of the ballet and opera, and the marvel of the scenery a treat to behold?

My, our sojourn could become extended, so perhaps we'd better return to Le Cercle Francais. Mrs. Geohegan is our sponsor, and we are led by capable mademoiselles and monsieurs.

Wasn't the trip wonderful? Honestly, I'm ready to pack my bag and leave, but—. Oh, well, even dreams of such a majestic land are rewarding. So I'll close and leave you with these dreams.

Bon Voyage!

"Friends, Romans, and Countrymen" . . .

Midnite!

Hello There,

You might think I'm gonna write to you about our mutual friend, Mr. William Shakespeare, but far be it from me when I can tell you about the SEMPER FIDELIS LATIN CLUB.

And you know something? Caesar, Virgil, Horace, and Livy are as illustrious as the renowned Mr. Shakespeare. So, you scholars of the ancients (sounds big, doesn't it?), let us proceed to discuss our organization.

Remember our motto, "*Non Scholae Sed Vitae Discimus,*" which means "We learn not only of school, but of life." That really is the purpose of our club! Through the programs and projects, we learn of Roman culture, entertainment, and warfare. Say, those Romans were certainly "on the beam"! (Can't you see that horrified look on Miss Frye's face? However, no disrespect is intended for either her or the Romans—two of a kind! !) Some of their buildings, roads, and water systems are comparable to those of today—just to show off a little of the knowledge I've learned.

Roger Clark and Bobby Kirk serve as consuls, I as praetor, and Glenwood Holland as quaestor. As alumni of the club, you should remember these terms. Well?

In the spring, we're planning a big "shindig" at Fairystone Park. I can hardly wait to hop into my bluejeans and dive into the hot dogs, cokes, and cookies.

Enough Latin talk for now. Tomorrow is another long day; so I'd better "turn in."

Shirley

Between the Book Ends . . .

Book Week!

Greetings, Literary Friends,

The pageantry of 16th Century England, the excitement of a "glorified western," the mysterious atmosphere of India—all of these, and more, can be found between the book ends. And, believe me, becoming familiar with these many books is a big advantage of a LIBRARY CLUB member!

For goodness sakes, I hope you don't share the common conception that a library is the "final resting place of dead literature," or a place where the "Brains" go in order to compose some masterpiece. Books of every type can be found here. And, there's only one qualification—you have to be able to read!

However, reviewing books isn't all we do. We also learn to locate overdue material, to shelve books, and to repair the damaged ones. And the condition of some of them! Honestly, you can tell they've been handled with care. Yes, sir, the borrower has been careful to dunk his treasure in every available mud puddle. He has turned down the pages—but very gently, mind you. Some of the books look as if they've been mistaken for footballs.

Say, do you remember those snappy bulletin boards in the library? In all modesty, I have to admit—the Library Club members, with the aid of Miss Riddle and Miss Anthony, our sponsors, did it with our little scissors and cardboard.

Well, fellow book lovers, I think I'll turn in with a good novel.

"Intellectually" yours,
Barbara

Which occupation?

Dear Grads,

"Rich man, poor man, beggar man, thief, doctor, lawyer, Indian chief." Which shall it be? Maybe through the DIVERSIFIED OCCUPATIONS CLUB I'll find my destiny.

Whew! It's been a busy year. And it was spotlighted by some "mighty neat" social affairs. To start the ball rolling, there was a joint dance of the D. O. and D. E. clubs in December. Then when April showers began falling, we had the annual Employer-Employee Banquet. Isn't it wonderful what a friendly, informal atmosphere, a "contented appetite," and a cup of coffee can create? Of course, the year wouldn't be complete without our "you bring the cokes, I'll bring the dogs," festival at Fairystone.

You know, that's one advantage of our club. We realize that it takes play as well as work to keep "Jack a happy lad." But don't think that all we do is to eat, drink, and be merry. No, sir! The State D. O. convention is a big occasion for us. And our objectives—to expand the students' knowledge of problems, to develop stability, to cultivate a friendly atmosphere among parents, students, and teachers—believe me, are serious business.

Mr. Burnette, our sponsor, just brought in a new series of vocational books. . . Think I'll explore them. "Rich man, poor man, beggar . . ." . . . Gosh, it's a choice, isn't it?

"Right this way . . ."

Dear Customers,

"Good day, Madam. May I help you, please?"—"Yes, we have them. Here is one of our finest qualities." Sounds familiar, doesn't it? It should, for you hear it every day. But, surprisingly enough, this tidbit of sales technique takes training. And that is the purpose of our DISTRIBUTIVE EDUCATION CLUB.

Oh, but the D. E. Club is a stranger to you since it has been added to our club program this year. Guess I'd better take a few words to explain it. Distributive Education means exactly what it implies—the study of subjects related to wholesale and retail work, displays, and decorations. Honestly, though, I'm sure if I ever dressed a dummy, it would rejoice that it were only a dummy!

But business is not the extent of our activities. In October bluejeans and hot dogs combined for good picnic entertainment. Again in December, in coordination with the D. O. Club, we had a festive "tux and gown" affair. Sounds like fun, don't you think?

By the way, you don't know our sponsor either. Mr. Bob Rogers, a new addition to the "master and marm society" at Mavahi, teaches us amateur salesmen the "tricks of the trade."

"Oh, hello! Yes, I'll be with you in just a moment."

Time to go now.

Bill

After Thanksgiving

Dear Fellows,

What a holiday the ARTS AND CRAFTS CLUB has spent! Let me tell you about the excitement. First, we've just moved into the newly constructed industrial arts shop, and is it a beauty!

Unit shops in woodwork, metalwork, mechanics, drawing, and crafts make up the shop layout. There's also a classroom equipped with blackout shades, and a show window for our public displays. We not only reconditioned all the old equipment, but moved every bit of it from the old quarters in the armory to our new workshop. Under the wise direction of our sponsors, Mr. Lane, Mr. Lilly, and Mr. Nolan, we moved without any major catastrophe. Despite aching backs and sore muscles, that equipment arrived safe and sound.

Frankly, I wouldn't be surprised if we have several future industrial leaders in our midst. In the first place, we have the prime prerequisite—a sincere interest in industrial processes and procedures.

We've taken field trips through several manufacturing centers, which have given us first-hand information of "men on the job." In fact, when we saw some of you on these trips, you advised us to take full advantage of all the opportunities offered by this vocational program.

And don't forget, grads, you have an opportunity to use this building, too. Why not brush up on metalworking, woodworking, crafts, or automobile mechanics in the night school program? Maybe we'll see you over there.

"Industrially" yours,

Billy

P. S. We don't work all the time, our vacation at Myrtle Beach is sufficient proof for that!

12:30 A. M.

Dear Girls,

It's late, and I should be in bed, but I simply must tell you about the dance tonight. The decorations were so pretty and the girls looked lovely in their new dresses—to say nothing of the handsome boys! Every year we in the FUTURE HOMEMAKERS CLUB have a formal which we think is definitely one of the nicest school functions.

Since I've started, I'll try to keep my eyes open and tell you about some of the other things we do. All girls in Home Economics who are interested may join our club. Incidentally that little silver pin you've seen me wearing is my official token of state and national membership. We all belong to the Patrick Henry Federation, too. That's a central organization for all the clubs in Patrick and Henry Counties.

You couldn't have missed hearing me talk about my vacation at Morgarts Beach, our state camp. Some of us go every summer, and it's a real treat meeting girls from all over Virginia.

Under the leadership of Miss Pace, our sponsor, we met the requirements for our Junior Homemaker's Degrees, but don't get me started on that. It's late now, and I've got to be at the gym at nine in the morning to take the decorations down.

So good-night,

Lois

Experimenters today–Scientists tomorrow...

Hi There,

It's a miracle that 208 remains a part of this high school, especially after the SCIENCE CLUB holds one of its unpredictable meetings characteristic of experimenters. Despite the outcome, disastrous or successful, we still have faith in our club purpose, "to increase our knowledge of science."

Since we are able to work in divisions related to either chemistry, photography, astronomy, electronics, or plastics, we can follow our particular interest. Each division has its own meetings, programs, and projects, which range from simple microscope set-ups to involved problems such as testing the soil in Southwest Virginia. Then in April, a Science Fair is held, and all exhibits are put on public display.

Another interesting feature about our club is that there's a special section for our eighth grade group, who are given an opportunity to develop their individual interests.

There's always one in every crowd, so I'll get back to my test tube.

Your favorite microbe,

Barb

"The play's the thing" . . .

After Exams!

To Our Favorite Audience,

Guess you know, Alumni, that Mavahi just couldn't do without us! You who were here to see the Junior Play in December know what I mean. We of the DRAMATICS CLUB built e-v-e-r-y single flat for that stage, and don't think it wasn't a job!

But that was just our first project. As you know, the Dramatics Club always produces a one-act play for the Virginia Literary League. This spring we're really going forth in high gear to clinch the contest from William Fleming, our rival from 'way back. Creating interest is no worry to Mr. Bill Parrish, the sponsor—but a blue ribbon winner is!

While Connie Bowles wields the gavel most of the time, Mary Campbell as vice president, aids her frequently. I record the minutes, and Mickey Fisher handles the club's finances. If all goes well, which we have no doubt, our club will be represented in the National Thespian Society by June.

See what I mean—they couldn't do without us here!

. . . in the business world . . .

Dear Friends,

I don't know whether you realize or not that the left wing of our school boasts one of the finest business education departments you could find anywhere. Beginning with Rooms 201 and 202 where we harbor the typewriters, up to 203 where the most modern office equipment is found, and to 204 where other business classes are taught, there's nothing but the best!

Perhaps I'm able to write these superlatives because we have such capable teachers as Miss Bowman, Miss Miller and Mrs. Fleshood. They really know the "ins and outs" of business, believe me! It is through their efforts that we now have a functional club, the FUTURE BUSINESS LEADERS OF AMERICA. Organized in 1950, F. B. L. A. helps develop us into competent, progressive leaders, to create our interest and understanding in the intelligent choice of business occupations, and to encourage us to strive constantly to improve business in our community. I know they sound like big objectives—and they are! Yet, in carrying them out, we're certainly molded into better and more useful citizens.

I wish you could've seen the impressive initiation service for our new members and our installation of the new officers this fall. With candlelight used in a very formal ceremony, it's definitely one of our favorite yearly activities. And do we profit from hearing first-hand information from speakers who are our guests occasionally! Then we realize what'll be expected of us "on the job." Even though we work on special projects through the year, we do have our fun on picnics and at parties, too!

Well, I guess I'd better sign off for now 'cause shorthand does take time.

DEAR GRADS,

Sketch books, easels, charcoal, India ink—the art class? No, it's the new ART CLUB at Mavahi.

Since the club is new, perhaps I should start at the beginning. A number of students in the art class and some who were unable to have art in their schedule decided that they would like an extracurricular organization. So with a common goal in mind, we staunchly proceeded to set up objectives. After much red tape—and I do mean *much*—the idea was presented to the Student Council. The result? More red tape. Finally, our club was approved and placed on the regular school activities program.

Now we are even more convinced of the sanity of our plan. It's such fun—combining our "artistic ability" with the companionship in a club. However, it's not what you would call a conventional club. But, after all, who expects temperamental artists to conform to convention?

Mr. Dick Spangler is our sponsor. He's a new teacher here, and I doubt if many of you have met him.

When you return to your Alma Mater, do visit our club room. Here you will find the sketch books, easels, charcoal and India ink—all symbols of our activities.

"Artistically" yours,

MONA

Dear Alumni; December 6, 1950

To tell you about our administration and faculty, I feel is a mighty large order for the simple reason that their activities and influence on us are no longer confined to the classroom. True enough, their job here is to instruct us and to prepare us for later life, but this isn't done under a system of rigid discipline any more. Rather we students are encouraged in a democratic atmosphere to think independently and to express ourselves coherently. The result of this? Our teachers are our friends. They've become "father and mother confessors" in many cases. We go to them with problems, we unburden our troubles, and then leave feeling much happier. Yes, we do cherish their friendships a great deal.

Goodness, I've merely begun! I'll write you tomorrow about our good administrators.

So long,
Shirley

... We hail our teachers loyal
who guide us as we go ...

Have you met? . . .

OUR SUPERINTENDENT,
Mr. M. L. Carper

December 8, 1951

Alumni,

Sorry I couldn't write you yesterday, but the Christmas rush is upon me. It seems only yesterday that school opened!

Seriously now, I hope you've had the opportunity of meeting our superintendent, Mr. Carper. I never cease to marvel at his sound wisdom and foresight. And really, he can do more in one 24-hour period than any other person I've ever known!

You graduates of the past three years need no introduction to Mr. Richmond and Mr. Watkins. Sometimes we disagree at the moment with their decisions, but time does tell! Their thorough understanding, their wise judgment, and their genuine desire to do what is best for us always prevails in the end. Don't you agree with us, you recent grads?

Undoubtedly, we're indebted to the School Board for securing our administrators and teachers. Without the progressive policies and liberal ideas of the Board, this school system certainly could not have moved forward as it has done in the past few years.

Taking all this into consideration, I don't wonder that our school is "tops"! I'm proud of our Alma Mater, aren't you?

Dear Graduates,   6th Pd. Study Hall

This morning we had our first assembly! Remember how you looked forward to Friday hoping that since you hadn't prepared a particular assignment we'd have assembly that period? Sometimes you were lucky; other times you weren't.

As I sat there, it suddenly dawned on me that assembly is the one time of the week that our classes gather as units. We take our respective seats according to class standing, and before we know it, we're accepting the front seats in the auditorium -- those traditionally used by Seniors. Then as I thought further, I realized that it is you, our graduates, who form our largest class. Now, we'd like for you to look through the next few pages and see those who will join you as alumni.

Hopefully,

The Jolly Juniors . . .

May 13, 1951

Hello, there, graduates . . .

We're really JUNIORS at last—jolly ones, too! As we think back over our school years, we remember so much that has happened. We recall being the first eighth-grade class in the high school building and being stepped on by everybody, even the freshmen. Finally, we graduated from "mice" to "rats": then we, too, baited the eighth-grade traps. By the time our sophomore year rolled around, we were walking about the familiar halls with the superior air of upperclassmen.

Now that we're jolly juniors, things are really rolling. In December we gave our class play, and everyone agreed with us that it was an overwhelming success. Flashing our new rings has been a favorite pastime since they arrived. Of course our pride and joy this year was the way we entertained the seniors at the traditional Junior-Senior Banquet.

Well, so long now, 'til next year when we'll be writing you as stately seniors!

Carolyn

The Grand Ole' Seniors . . .

April 12, 1951

Hi,

It's good to write to you, Alumni, for we know that you realize how we feel as SENIORS. All of a sudden we are overwhelmed with a sense of pride and respect for our school. Then, too, we feel somewhat humble and insecure as we think of what comes after June graduation.

Nevertheless, as we have ordered cards, invitations, robes, and worked on the senior play, I couldn't help reminiscing about our group of awkward freshmen, entering these portals in 1947 with an "oh-to-be-a senior" gleam in our eyes. Has there ever been a freshman who didn't exalt a senior?

Anyway, we soon developed the "aura of sophistication" that surrounds a sophomore, and remember the hustle and bustle that typified our junior year!

It's been a wonderful life, so wonderful, in fact, that we're reluctant to leave it to our worthy successors. But as we say adieu to our Alma Mater, we take with us a lasting memory for future reference.

Sincerely,
Barbara

Dear Alumni;

Friday Night

I saw so many of you at the game tonite, and judging from your enthusiastic cheering, I know you were thrilled, too, that the Bulldogs came out on top.

Don't you feel sorry for any school which doesn't participate in a year-round sports program? Imagine the fall season without its weekly football game, the winter months without their bi-weekly basketball tilts, or the spring days minus the baseball games, track meets or tennis matches! It's all one vicious circle which has a nucleus made up of cooperative teamwork and clean sportsmanship. I hope that we spectators never lose sight of that fact.

I'll be lookin' for you at the game next week. It's always good to have you alumni back.

Shirley

...And cheered our teams as they have fairly fought and won ...

We're backing you up!

Hi, Graduates,

This letter is my way of telling you how much we have enjoyed working with you this past year. As you probably know, the TOUCHDOWN CLUB is composed of approximately two hundred sports-loving citizens of this community whose purpose is to sponsor a program that will encourage every boy and girl to take part in some form of athletics through the promotion and expansion of athletic facilities, development of public interest and popular support of athletics, and through the presentation of programs of interest. A dinner meeting is held on the first and third Mondays of each month. Usually there is an athletic mentor from one of the neighboring universities to speak to the members and their guests about his respective teams and his prospects for the season. Sometimes we view a film of a recent game.

This year the members raised several thousand dollars, through the sale of season tickets, for the purchase price of the bleacher seats in the High School Stadium. The Club also gave a banquet at the Club Martinique at the close of the football season honoring both the Varsity and Junior Varsity teams, as well as the Coaches and Cheerleaders. Coach Carl Snavely, of the University of North Carolina, was the principal speaker, and many awards were presented to the members of the Varsity team. The Hooker award was presented to Ronny Hawks as the "Most Valuable Player," while the Remsen award was presented to Ben Winn as the "Most Improved Player." The "All-District Team" selected Ronny Hawks and Dick Privette as end and tackle, respectively. Then Coach Waleski presented an award to each member of the Varsity team.

There isn't space here for all our activities, but I speak for all Touchdown Club members when I say that we enjoyed every minute of them, and we hope to continue our activities in your behalf.

Sincerely,

Claude E. Taylor, Jr.
President, Touchdown Club

Two Days After Initiation!

DEAR GRADS,

Boy, did we get put through the mill nite before last—we new lettermen in football. As usual, we were shaking in our boots from even the thought of the "bull-shocker"! Now this year I've found out what "The Thing" is—the MONOGRAM CLUB initiation!

You may know some of the officers this year. "Greasy" Pulliam, the president, is one of our halfbacks in football. Ben Winn and Billy Franklin, the first and second vice presidents, respectively, are outstanding men on the gridiron. The secretary, Bill Bailey, and the treasurer, "T." Hite, were co-captains of our football team, while the sergeant-at-arms, "Slim" Crouch, plays end in football and center for the basketball team.

For our sponsors we have Mr. Fran Hooker, Sr., Mr. S. A. Hooker, and our football coaches, Mr. Waleski and Mr. Russell. To tell you the truth, boys, there's no telling what would've happened to us on several occasions if it hadn't been for their sound judgment.

The certificates of meritorious awards, if you remember, are given to the boys who have won letters in a particular sport. This year we've "dressed up" those awards by framing them, and do they look sharp. In fact, some of them haven't even gotetn home yet, for they're proudly displayed in the lockers—Senior ones, especially.

Then something else that possibly doesn't get home are those gold footballs, basketballs, and baseballs given traditionally to Senior lettermen. Often before the charm is taken from the banquet hall, it has been exchanged to feminine hands.

It's taken me two days to recuperate, or else I'd have written you sooner.

JACK

You certainly would have been proud of the VARSITY FOOTBALL TEAM that Mavahi had this year. With a bone-crushing line, headed by magnetic Dick Privette, unanimous All-District selection, no team in the conference could run over us. We had great ends in "Slim" Crouch, a gangling 6′ 4″ bruiser, and versatile Ronny Hawks. Ronny, you know, was our other All-District nominee who did everything possible on the football field. In our backfield, we had speed-demons in Billy Reeves, "Greasy" Pulliam, and Louis Campbell, and for power our fullback was big Eugene Crockett.

The team got off to a "slam-bang" start by rolling over Schoolfield with Pulliam, Reeves, and Campbell scoring. The following Friday night the largest crowd ever to witness a M. H. S. football contest turned out to see the little school of Bassett beaten and pounded by our powerful Bulldogs. Then the much-thought-of trip to

Pulaski. Our offensive unit ran and passed 'til the Orioles were dizzy. The first four plays saw Campbell and Reeves hit the Oriole line for 70 yards to the one. From there big Ronny Hawks bulled over, and it was just the beginning of the end for Pulaski.

However, we were pretty much overwhelmed the next week as we journeyed into North Carolina for a walloping from powerful Leaksville. Instead of the defeat hampering us, it helped. As we went into the hills of Galax to spoil their Home-Coming, Louis Campbell, with beautiful blocking, galloped over for two touchdowns and another conference victory.

But, boy, that wasn't anything! The next week William Fleming, our age-long foe, paraded into town with the record of never being beaten by a Martinsville team. The result? Martinsville 13—Fleming 0. Then the Roanoke sports writers went wild, calling us "Al Waleski's wonder team." The next week we battered a strong Class A school from Danville to a 6-6 tie. Two of our regulars were out at that.

The the much-awaited Home-Coming with Radford as our foes. The Bulldogs beat the poor Bobcats until virtually every first stringer they had was taken out of the slaughter by the high-class Bulldogs. If ever a city was praised for its football team, this one was then; but the following week, the old "nemesis," Wytheville, came into Martinsville and took away its championship hopes. Honestly, the boys played their hearts out, but it wasn't any use. They were too much for us that night. The following Saturday a low-feeling crowd of boys with a lower standard of moral support went down to the defeat of a strong William Byrd eleven. It marked the end of the road for many of us football players who would never get to take the aches and pains for ole M. H. S. again.

Well, Grads,

Things in Martinsville have been mighty sunny since the future Bulldogs (you know, the JUNIOR VARSITY) had such a successful season. We certainly are going to have a good team in a year or two. The spark of the team is the gigantic Ed Wells, a 220-pound tackle and a sure bet for All-District honors.

This year, although the boys had a short schedule, invaluable experience was gained by the future players. They defeated the rugged Leaksville eleven in a thriller at the high school stadium by a comfortable margin of 12-0. Against big and powerful Rocky Mount, the local boys outplayed the Franklin Countians 7-6 in a hard-fought contest.

On meeting the huge Jefferson eleven of Roanoke, the locals lost their battle in a sea of mud by a score of 12-0. Again the Bullpuppies met Rocky Mount, taking a terrific beating at the hands of the much larger boys by a score of 21–0.

Not a bad season for the inexperienced boys of Coach Burnette and Coach Milton, do you think? And by the way, grads, keep a lookout for Jim Pulliam and Buddy Bondurant. Some day they'll be the mainstays for ole M. H. S. We'll wait and see!

A winning streak . . .

After Our Tournament!

DEAR ALUMNI,

Though off to a slow start with three losses in our first three encounters, we of the GIRLS' VARSITY TEAM quickened our pace and began a winning streak which did not end until the final game with Galax. Losing to G. W., Bassett, and Fieldale in hotly contested games, we seemed unable to click.

On the comeback trail the basketball lassies posted a formidable victory over William Byrd with a 20-point margin. The return game with the Byrd Terriers gave the Martinsville sextet their second win. At last we were on the victory road!

Following a hard schedule of four consecutive games, we added Radford to our victory pile by a 17-point margin. Though caught napping in the first few minutes of play, the determined lassies came from behind to hold the lead at the half and to go on to win the game.

The next two contests found the guards displaying their prowess by setting up a zone that both Fieldale and Galax had difficulty getting through to score.

After the game with Bassett, we had a season record of six wins against two defeats in district competition. Even though the Galax girls dropped the Martinsville six in their last regular season encounter, the .666 season average was good enough to win us a tournament berth. Tied with Fieldale for third place, Martinsville drew Narrows for the first game in the tournament. Although we lost, we made a creditable showing by scoring more points than in any other game this season.

It will be a long time before we forget Miss Sanford and Miss Aker, our able and ever-faithful coaches. Then, too, Margaret Scott was always handy when we needed a jacket, a towel, or a piece of orange. Four of us, Marie, Edna, "Babs," and I have played our last game, but many who are returning will profit from the experience they've gotten this year. We're hoping for another winning streak in '52.

"Our team is red hot . . ."

Hi Grads,

Our VARSITY BASKETBALL TEAM, under the able coaching of Mr. Ralph Burkhart, just missed winning the district championship this past week end. After a slow start the boys began hitting the nets and ended their season with fourteen wins and one loss in the conference.

Tip-in artist "Slim" Crouch and ace-scorer Ronny Hawks set the pace this year. The floor work of Crouch was outstanding, for he held the team together in every game. If things got too fast, there was always "ole Slim" to steady them down. And he was always there to snatch those rebounds, too! Slim was given a berth on the All-Tournament team for the second time in his high school career.

Hawks, our sensational junior, was the most consistent scorer throughout the season, making a total of 371 points—exceeding his sophomore record by 92 points. Against Galax, Ronny displayed the most accurate shooting ever performed on the home court, as he hit the scoring net for 42 points.

Outstanding for his defensive work was dynamic Dickie Jordan. His ability to shoot with either hand and to leap high into the air to grab rebounds was a valuable asset to the team. Probably Dickie's best games this year were at Leaksville, where he was the whole show, and playing against Fries in the tournament when he scored 23 points.

Although an emergency operation kept fast-traveling Jimmy Canupp out of several games, it did not hamper his ability to give his opponents a fit when he returned. You could always depend on Jimmy to get that ball down the court—and in a rapid fashion!

Whenever Coach Burkhart had an opportunity, he sent in his other varsity boys—Pulliam, Weddle, Thomerson, Vass, and Daughtry. We're looking to them for another winning team next year.

One of the most thrilling games we witnessed this season was the one in which Buddy Bondurant, who was brought up from the J. V. squad in mid-season, hit a field goal in the last minute to hand the Bassett Bengals a 48-47 defeat. Then at Fieldale Jensie Teague made us feel more certain of victory when he dropped in a two-pointer in the final minutes. Actually our Bulldogs had a slight tendency to win in the last couple of minutes, as most of their games were won by "pouring in the steam" in the final quarter. But who cares? The top score is a victory in anybody's language!

So long,

Louis

Varsity hopefuls . . .

Hi Grads,

Boy! The BULLPUPPY CAGERS, paced by one-handed, push-shot contestant, Wayne Hairfield, had a bang-up record this year. The miniature Bulldogs opened the season by defeating a fast Leaksville quint, 41-39. Their next victim was "little" Spencer-Penn who went down to a 36-23 defeat.

The Bullpups were less fortunate when a strong George Washington five eked out a 32-27 win over them. However, the following game proved victorious for the Pups as they walloped Franklin, 26-19.

Led by Hairfield who pitched in 16 points, the boys handed a rugged Fleming five a 33-29 beating. Journeying in Carolina, the J. V. quint was crushed by Leaksville 41-32.

Then Radford traveled ninety miles through the mountains to lose both ends of a double-header. The Puppies, again paced by Hairfield with 13 points, won by a score of 50-33. But the odds were against us the next week as Fleming handed us a 41-38 defeat.

The Jayvees upheld the name for M. H. S. by twice defeating a restless Bassett team 36-33 and 47-46. Never-the less, the victorious spell cast over the Pups was shadowed by a powerful Fieldale team who proved to be a "thorn in the back." They defeated us both times, 58-46 and 61-35. The spell continued as G. W., for the second time, trounced the Pups by a score of 32-24.

As the season closed, we found that Wayne Hairfield was high scorer with 101 points in ten games. Ronny Minter, the gangling center, was not far behind. Next year, faithful grads, watch for these specimens of future Bulldogs.

When spring comes . . .

Dear Grads:

Last season we certainly had a fast and powerful BASEBALL team. Of course, ole M. H. S. always does have, but last year we won the District Title. Hammer-Hitting Canupp, Dillon, and Privette and speedy Billy Reeves led the team all the way. Let the scoreboard tell the successful story:

7	M. H. S.—Roanoke	1
6	M. H. S.—George Washington	9
4	M. H. S.—Jefferson	3
8	M. H. S.—V. P. I. Extension	6
7	M. H. S.—Bassett	6
23	M. H. S.—Rocky Mount	2
15	M. H. S.—V. P. I. Extension	0
3	M. H. S.—Fieldale	1
8	M. H. S.—Fieldale	4
4	M. H. S.—George Washington	6

We had two aces in TENNIS, Jordan and Parker, who won the state Group II doubles championship title. Incidentally, last summer Jordan won the City-County silver trophy, sponsored by the local Rotary Clubs. Our apologies for having no tennis team picture.

Last spring we had keen competition in intramural TRACK meets, which the sophomores won. Buddy Eanes was captain of the GOLF team which won two matches, tied one, and lost two.

By the time this book is published, we'll be engaged in these sports again. Hope we'll have a bang-up record for next year's Mavahi.

Dear Alumni,   Pupil Holiday!

I've just gotten home after an afternoon of soliciting ads for the annual. And a great afternoon it was! I really feel like a millionaire.

But do you know what? I've suddenly realized that every ad I got was given me by an alumnus of this school. It just happened that way for me today, but Irvin, our business manager, reported differently.

Tho' we were happy about our prospective income," we were more impressed with everyone's great interest and generous cooperation. In Fact, they meant having this yearbook.

Many of us will probably be joining you in the business world before too long. I can only hope that we'll be as successful as you have been and that we may contribute our part in keeping Martinsville the thriving city it is today.

Gratefully,
Shirley

A LITTLE MORE . . .

The line between failure and success is so fine that we scarcely know when we pass it — so fine that we are often on the line and we do not know it.

How many a man has thrown up his hands at a time when a little more effort, a little more patience, would have achieved success!

In business, sometimes, prospects may seem darkest when really they are on the turn. A little more persistence, a little more effort, and what seemed a hopeless failure may turn to glorious success.

There is no defeat except in no longer trying. There is no defeat save from within, no really insurmountable barrier, save our own inherent weakness of purpose.

To the Class of '51 we wish every continued success.

Sincere Congratulations

★

The management and staff of WMVA wish to congratulate the Senior Class of 1951 for its many outstanding achievements.

Your school, your city and your parents and teachers have been proud to provide this education and training.

Go forward with a courageous, Christian determination, and their efforts, as well as yours, will bear fruit.

Charles B. Keesee Educational Fund

INCORPORATED

This Fund, established by Mr. and Mrs. Charles B. Keesee, of Martinsville, Virginia, is in a position to aid substantially a large number of boys and girls from Virginia and North Carolina who would like to be educated in Virginia Baptist schools or colleges and is available to students of any denomination.

Financial aid is in the form of cash grants to those students who are entering or planning to enter the Baptist ministry or to engage in specific religious work for the Baptist denomination. To all others the aid extended is in the form of cash loans to be repaid with interest at low rates.

For further information, address W. R. Broaddus, Jr., Secretary-Treasurer, Martinsville, Virginia.

"Always a Square Deal"

The Case of the "Two Missing Days"

A generation ago your father probably worked 54 hours or longer each week; his father more than 60 hours.

Today we produce nationally many times more in 40 hours a week than we did in 50 to 60 hours in your father's or grandfather's day. This leaves us more than two full working days of extra leisure.

Individual enterprise, our national heritage, and added effort plus better machines and wider and faster distribution have turned the trick. And we have just scratched the surface of what we can still accomplish if we all work together, for —
